DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 12/12/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 5,866,663 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claim Rejections - 35 USC § 102

2. Claims 587, 590-597, 600-605, 607, 608, 610 and 611 are rejected under 35 U.S.C. 102(b) as being anticipated by van Asselt et al. (J. Am. Chem. Soc. 1994, 116, 977-985) for the reasons set forth in item 5 of the Office action mailed 4/20/2005.

Applicant's arguments filed 7/22/2005 have been fully considered but they are not persuasive. Applicants have added the phrase "consisting essentially of" in an attempt to exclude the reference process. However, the amendment fails to overcome the rejection because the specification does not teach that excluding monomers such as CO from the polymerization process is a basic and novel characteristic of the invention. MPEP 2111.03 states the following:

The transitional phrase "consisting essentially of" limits the scope of a claim to the specified materials or steps "and those that do not materially affect the basic and novel characteristic(s)" of the claimed invention. In re Herz, 537 F.2d 549, 551-52, 190 USPQ 461, 463 (CCPA 1976) (emphasis in original).

For the purposes of searching for and applying prior art under 35 U.S.C. 102 and 103, absent a clear indication in the specification or claims of what the basic and novel characteristics actually are, "consisting

Art Unit: 1713

essentially of" will be construed as equivalent to "comprising." See, e.g., PPG, 156 F.3d at 1355, 48 USPQ2d at 1355.

3. Claims 588, 589, 598, 599, 606, 609 and 612 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
